Doug this is revised per OAQPS staff/mgt recommendations and has been sent to OAQPS for forwarding to OAR. It is our understanding Bill W may be briefed on this next week and that it could then go to OMB if OAR is satisfied.

Mike,

Please find attached a redline strikeout version (for your reference) and a clean version of the draft NPRM for the U&O FIP, as well as the draft RIA for the proposal. We have addressed the most recent round of comments and concerns from OAQPS oil and gas staff (David Cozzie's group), ORC, and OGC, based on the clarified direction from regional and OAR senior management. Please review and move forward to your management and OAR for review as appropriate before it is sent to OP for transmittal to OMB for review.

Thank you,
